Children, parents, staff and governors working in partnership

At Alexandra Primary, we are committed to providing a caring, welcoming, and happy environment that meets the needs and interests of each child. We aim to ensure that all pupils have the highest aspirations, attain their full potential and enjoy learning in a place that is stimulating, challenging and creative. Inclusion is at the heart of our school and we believe that every child has the right to be successful, confident and well-prepared for the world. A strong sense of self, along with high quality teaching and an exciting holistic curriculum will develop a child's passion for life-long learning where they can discover their individual strengths and talents. We have good links with our parents and the local community and believe in strong partnerships. We believe that parents are the first teachers of their children and that, **by working together**, we can provide children with the best start to their educational journey.
