## **Year Six Summer Term Curriculum Newsletter**

### **We are El Salvador and España!**

We would like to congratulate Year 6 on their hard work, determination and dedication during their SATS. We are very proud of them.

We have a busy half term ahead – the final term for Year 6 at Alexandra. We have with lots of exciting trips and events planned and will be preparing the children for their transition to Secondary School.

Should you have any concerns or wish to talk to us about your child's progress, please feel free to speak to us. We are available to talk after school on most days.

Miss Seymour and Ms Cannon

### **Homework**

Homework is handed out on **Friday** and should be returned the following **Wednesday**. Homework will consist of a maths tasks that will consolidate the work they have learned that week and a literacy task.

A regular part of homework will be weekly **spellings**, we will be practising these in class and children will be tested on these on Friday.

Also, please practise the **times tables** with your child. They will let you know which is their focus times table.

It is essential that your child **reads every day!** Reading is a fantastic way for your children to expand their vocabulary, increase their knowledge and improve their writing. **It is important that your child does their homework – please help them by making sure they have time to do it.**

### **Year 6 Production**

Year 6 will be performing 'The Lion King' on

**Tuesday 10<sup>th</sup> July at 2pm and 6pm.**

We hope that you will be able to join us to watch the performance!

Please support your child by helping them to learn their lines and the song lyrics.

Details about costumes will follow.

## Writing

This term we will be writing in a variety of different genres. We will produce a newspaper report, a persuasive speech, a diary entry, a review and a narrative.

We will continue to focus on developing our SPAG and the application of grammar in our writing

## Mathematics

As mathematicians we will continue to focus on becoming fluent in the **fundamentals of mathematics**. In addition, we will cover the topics of algebra, area and perimeter, volume, geometry and graphs. We will **solve problems**, applying our learning in a variety of contexts.

## Science

We will be continuing to learn about the fascinating subject of **living things and their habitats**. We will learn how to classify and record data using a classification key. We will report and present information using research from a wide range of secondary resources sources

### Literacy
