

Home Learning Summer 2 Week 4 – Science

In science this half term we will continue to look at plants.

This week we will be learning about gardens and garden centres.

Do you have a garden? What is it like?

All gardens are different.

They have different shapes, sizes and designs.

Different people like to grow different plants.

Different kinds of plants grow in different climates.

Watch this clip to see what happens at a British garden centre.

Activity 1 – What can you do at a garden centre?

Use the sentence stems and word bank to write some sentences about what you can do at a garden centre. Have you been to a garden centre before? What did you do there?

A  garden centre is _____

 At  garden  centres  we  can _____

 buy  plants  farm shop  vegetables  gifts  gift shop

 food  cafe  cakes  pastries  tea

 information  tiny  tall  different  flowers  trees

Activity 2 – update your bean diary

Keep a bean diary in your science home learning book to keep track of the changes over time. Write the date and draw a picture of what your bean plant looks like. Then write 1-2 sentences describing what the plant looks like or what has changed since your last diary entry.

Challenge: Measure your plant with a ruler How tall is it now?
 Add this information to your bean diary for this week.
