

Home Learning Summer 2 Week 2 – Geography

In Geography we will be learning about the weather this half term. What kinds of weather can you think of?

This week we will learn the different types of weather.

Watch these videos to learn about different kinds of weather.

Activity 1 – weather writing

Use the word bank to draw and label the different kinds of weather. Then write a sentence to say what you have learned about each kind of weather.					
How many kinds of weather can you write about?					
 sunny	 cloudy	 rainy	 foggy	 lightning	 thunder
 rainbow	 snowy	 windy			

Activity 2 – weather diary

Have a look at the weather every day. Each day write the date and draw what the weather is. Or you can make a calendar like the one below.

SUN	MON	TUE	WED	THU	FRI	SAT
	1 	2 	3 	4 	5 	6 
7 	8 	9 	10 	11 	12 	13 
14 	15 	16 	17 	18 	19 	20 
21 	22 	23 	24 	25 	26 	27 
28 	29 	30 	31 			

KEY
Sunny 
Windy 
Cloudy 
Raining 

We will be using this information in a few weeks to look at how weather changes so make sure you keep up your work as a weather reporter!

Challenge – what was the temperature each day? You can use a thermometer if you have one and keep it outside. Otherwise you can watch the weather forecast on the news or check online.

Activity 3 – questions

What do you want to learn about weather? Write some questions that you want to find the answers to in this topic. Remember to start using a question word (What, Where, When, Why, How, Do) and end with a question mark (?).
